

MARTIAL LAW THROUGHOUT GERMANY TODAY

MORE PAVING ASKED IN PETITIONS FILED WITH COMMISSIONERS

Peoria Ave. May Be Improved to Limits—To Meet Again Thursday.

The program of local improvements for the present year as outlined by the city council was somewhat changed at last evening's session of the commission, as a result of petitions that have been filed and others that will be filed within the next few days, wherein property owners are praying the city to extend the program.

The board of local improvements abandoned the scheme which was originated to take care of the paving of Galena and Hennepin avenue to Tenth street, originating a new scheme which will serve to extend this improvement. A petition was filed in the city clerk's office yesterday bearing the signatures of almost every property owner on Park street, asking that they be given sewer accommodation as well as an extension of the proposed concrete cement paving. This petition was taken into consideration by the board in drafting the new resolution covering the paving improvement of Galena, Hennepin avenues and Tenth street some weeks ago.

Extend Peoria Ave. Work.
A large representation of property owners on Peoria avenue south of Tenth street where the present proposed pavement improvement is to terminate, attended the session of the council last evening and came armed with a petition asking the council to extend both sewer and pavement to the city limits on Peoria avenue. Their petition was refused because of the fact that it did not contain a majority frontage of the property owners. Those who are heading this additional improvement informed the council that the required signatures will be procured in a few days when they will again present their petition.

Those who are circulating the petition assured the council that property owners residing out of the city had been communicated with and their signatures were expected almost daily. For this reason, the board of local improvements adjourned until Thursday, at 2 o'clock when they will again consider this petition and probably take some final action.

Mayor Mark D. Smith re-appointed Attorney Anna Jensen to act as commissioner of the new scheme for the improvement of Galena, Hennepin and Peoria avenues and Tenth street including the Patrick Court improvement.

Two resolutions were adopted under local improvement ordinances 187 and 189, series of 1919, directing the city treasurer to pay the sums of \$989.79 and \$29.52 to the firm of Gund & Graham, contractors of Freeport.

Chinese Bolsheviks to Help Russian Reds

By Associated Press Leased Wire
London, Jan. 14.—(Havas)—Russian Soviet troops which have reached Bala station, almost 400 miles east of Tientsin, are being aided by Chinese Bolsheviks, according to a Moscow dispatch quoting a report from Chienai. It is said the Chinese will operate in the "coastal region."

The Bolsheviks expect soon to encounter Japanese forces sent to eastern Siberia and the Moscow dispatch states the Soviet forces will not "undertake any aggressive action calculated to provoke a collision." It says, however, that "the menace of the Japanese and of the entente in the west will compel the Soviet to devote a great part of its forces to military purposes."

Moscow claims that the Polish and Lithuanian offensives along the northwestern Russian front have been "merely local."

Odessa has been occupied by Ukrainian soldiers assisted by Galician units, it is reported.

DISREGARDS FLAGMAN IS SERIOUSLY HURT

George Spangler of Rock Falls had a narrow escape from serious injury or death Tuesday noon, according to witnesses he attempted to cross the Locust street crossing over the Northwestern tracks, after being warned to stop by the flagman. His automobile was struck by a string of cars which "a switch engine was pushing and was almost completely demolished. Spangler suffered minor injuries for treatment of which he was taken to the Sterling hospital.

LITTLE GIRL FOUND MONEY.

Miss Geraldine McCrystal of 920 West First street, found some money in the Neff butcher shop in Dement town Tuesday and turned the money over to Mr. Neff. The loser of the money may recover it by describing the amount and nature of it to Mr. Neff.

ATTENDED FUNERAL.

Clyde Seavey, of Sacramento, Calif., after attending the funeral of his father, the late Fletcher Seavey, left today for Chicago and from there will return to his home.

Plumbers Get Better Pay Than Professors; Northwestern 'Broke'

By Associated Press Leased Wire
Chicago, Jan. 14.—Plumbers, hired to fix the plumbing at Northwestern University are paid \$8 a day but professors receive not more than \$4 a day, according to William J. Farquharson, financial director of the university.

Mr. Farquharson made public the fact that the university is "broke."

"The trustees will have to decide how many instructors they can pay a living wage," and reduce the facilities of the university accordingly.

COUNTRY CLUB IS SHOWN TO BE IN GREAT CONDITION

Annual Meeting Last Evening—New Directors Are Elected.

The regular annual meeting of all the members of the Dixon Country club was held last evening at the Y. M. C. A. pursuant to call, for the presentation of three directors, and other proper matters. Retiring president H. A. Roe presided and annual reports of Secretary Rogers and Treasurer Davies were read, accepted, received and placed on file. Directors Leland and Doolittle held over for another year, while the terms of Directors Pitcher, Rogers and Roe expire at this time.

Bradford Brinton, J. A. Forrest and Max Eichler were unanimously elected to succeed the retiring directors and the new record will organize and elect their officers within a few days.

The past year has been a very successful and satisfactory one, financially and otherwise, and during the year through an excellent membership campaign inaugurated by Directors Leland and Doolittle, the membership has been practically doubled, there being at the present time two hundred thirty members in good standing. Under the able guidance of Purchasing Agent Pitcher, much effective improvement in the equipment of the country club was brought about, the purchasing of new machinery and mowers for fairways, rough and greens and a new water heater being much appreciated. Shrubby has been placed about the clubhouse; teeter boards and swings installed for the children and an oil and sand green started, as well as sand traps for several greens. The ladies' committee has also purchased and installed considerable new furniture for the ladies' department. An effective and excellent collection system was installed under charge of Director Rogers by the Directorate, whereby every item of dues has been fully collected, by which all outstanding notes and obligations with interest have been paid in full without any donations or gratuitous solicitations and leaving a small balance in the hands of the treasurer for the beginning of the new year, with the club entirely free from debt of any kind. The prospects for the year 1920 are excellent and several options on different lands have been secured and the Board of Directors for 1920 have been instructed to promote the purchase of some tract of land for the permanent location of the Dixon Country Club.

FORMER WELL KNOWN DIXON MAN IS CALLED

J. W. Boardman, brother of Mrs. E. E. Wingert of this city, died at his home at San Diego, California, of spinal meningitis on January 8th of this year. He was born in Dixon on March 12, 1858, received his education in our public schools and is well remembered by many of the older settlers. On account of ill health he went to Arizona in 1878, at the height of the Apache troubles, and engaged in mining and merchandizing. Several years later he was joined by W. W. Brookner, also of this city, and together they were associated in many business enterprises for over thirty years, at Globe and elsewhere in that state. About ten years ago Mr. Boardman removed to San Diego where he has since made his home. He is survived by his wife and two sons.

WOMEN'S CLASSES TO MEET ON FRIDAY FOR ORGANIZATION, WORK

Council to Meet Thursday to Perfect Plans for Beginning Work.

The women's classes at the Y. M. C. A. will begin on Friday. The first session will be in a large measure taken up with organization of classes, etc., but there will also be as much class work as conditions will permit. The schedule of women's classes will be as follows:

2:30 to 3:30 p. m. Tuesday and Friday for all women who can attend at that hour.

4:30 to 5:30 p. m. Friday for high school girls and others who can attend at that hour.

8:30 to 9:30 p. m. For all who can not make the other classes. This class will be divided into two divisions if the attendance demands it.

Swimming Periods Friday
Swimming periods will be after the Friday classes. A special class to teach swimming will be organized in the immediate future. The women members who can swim may use the swimming pool at any time during the women's hours on condition that no one is to enter the pool alone. This is a safety measure to prevent possible accidents.

Bowling alleys will be open practically all of the time. Class work will consist of light calisthenics, relay races of various sorts, floor games, basket and volley ball, etc. At the first the class work will be made light so as not to overdo. The exercises will gradually be lengthened and made more strenuous as the class work develops.

The Women's Council, a committee of eight representative women will meet on Thursday to perfect plans for organizing and supervising the women's classes.

MIDDLEMAN IS "WALLOPED" BY STATE FARMERS

Short Ballot, I. & R. and Chicago Representation Also Hit.

By Associated Press Leased Wire
Peoria, Ill., Jan. 14.—More than 1000 farmers here yesterday attending the Illinois Agricultural Association adopted resolutions placing the body on record against constitutional provision for the short ballot, the initiative and referendum and allowing Chicago to have a majority in the Illinois legislature. The farmers also took a "wallop" at the middleman. Appropriations aggregating \$250,000 were made to establish direct marketing between the farmer and the packer and grain buyer. The association authorized the purchase of 50,000 tons of phosphate from Tennessee mines and 500,000 tons of limestone, sufficient to keep Illinois busy for a year. A state land bank to loan money on second mortgages, supplementing the work of the federal land bank, was endorsed.

The constitution of the American Farm Bureau was ratified with reservations that the headquarters be in Chicago, that the secretary be a man of the middle west and that no state be seated in the convention of March 3, which has not an organized farm bureau.

Treaty Deadlock Keeps American Money Home

By Associated Press Leased Wire
New York, Feb. 14.—Investment of American capital in foreign countries is being delayed by the failure of the United States to ratify the peace treaty, Secretary of Commerce Alexander declared today in an address to the American Manufacturers Export Association. "If the peace treaty were ratified and the league of nations in operation," he said, "American investors would have greater confidence in putting their money into foreign securities."

Regretting that the peace treaty should be made the subject of political debate, the secretary said, "the United States has assumed a moral obligation in foreign affairs which cannot be ignored." The future of American industry and commerce depends more than ever before upon active participation in foreign countries, he added.

Mr. Alexander asserted financial aid for the reconstruction of European countries must be extended by private American investors and not by the government.

Greater Famine in News Print Paper is Coming, Dept. Says

Washington, Jan. 14.—In less than 20 years 95 per cent of the pulp and paper mills of the country, mainly those in the East, will have practically exhausted their supplies of spruce, hemlock, and fir—the principal woods from which the paper on which newspapers are printed is made.

The annual cutting of these woods in the New England states and New York is approximately 3,262,000 cords, and at this rate the supply will last approximately 17 years. The estimated annual cutting in the Lake States is 3,630,000 cords, and if continued will exhaust the supply in that region within 18 years. Pennsylvania, Maryland, Virginia and North Carolina, with their smaller forest resources, are even worse off, the annual cutting being calculated at 1,470,000 cords, at which rate the spruce, hemlock, and fir will last but ten years. Only in Alaska, Washington, Oregon and California are the reserves in no immediate danger of exhaustion if the cutting continues at the present rate of 2,218,000 cords a year.

These figures, of special interest because of the present paper shortage, are based in estimates compiled by the Forest Service of the United States Department of Agriculture. The data accumulated give additional emphasis to the demand for a nation-wide policy that will put privately owned forests on a permanently productive basis and will also result in utilizing mill waste for paper making.

WILL CELEBRATE DRY NATION IN BIG MEET AT METHODIST CHURCH

Music and Addresses Will Be Features of Pro- gram Tomorrow.

The dry victory meeting will be held at the Methodist church Thursday evening beginning at 7:30, with Rev. J. M. Tidball in charge. It is anticipated that the auditorium of the church will be packed to its capacity upon this occasion and Mayor Mark D. Smith this morning gave out a statement with reference to the celebration, which is as follows:

"Insofar as this great event of national prohibition affects the very vital life of our republic and elevates it to a higher moral life and higher ideals in both private and public life, it is the duty of every loyal citizen to have a part in this great victory celebration, if to take no other part than to be present at the meeting Thursday evening. At 7:30 o'clock the meeting will commence and at 7:35 the bells of the city will ring to summon the people, young and old, from every part of the city. Let every one do his part to make it a great rally and an occasion that will always be a joyous memory."

The committee in charge of the program for the occasion this morning gave out the numbers as follows:

OWN ANY STORED LIQUOR? YOU'RE ALL OUT OF LUCK

Only Way You Can Move It is to Get Outside of It.

By Associated Press Leased Wire
Chicago, Jan. 14.—The Illinois Search and Seizure Act has put all owners of stored liquors in this state "out of luck." Club men and others who planned to move their private stocks to their homes on federal permits were given a jolt when they learned the state law prohibits transportation of liquor in any form on all public highways.

"The government is perfectly willing to let the owners of liquor remove it to their homes," said Major A. V. Dalrymple, federal prohibition commissioner, "but a permit would have no effect on the Illinois law. Furthermore, that law applied before January 16 as well as after that date."

Major Dalrymple said that the same provision would forbid an owner to move liquor from one house to another if he changed his residence.

Physicians and druggists who have been studying the prescription rules and regulations established under the Volstead act were dubious today as to whether either class would care to attempt the fulfilling of numerous conditions. The Chicago Retail Druggists' Association, after rejecting a resolution condemning the law, voted to appoint a committee to investigate the subject. Permits, special prescription blanks, stubs and report forms are provided for under the act.

"After January 16 club liquor will be confiscated," said Captain Hubert Howard, newly appointed state director for the enforcement of prohibition. "Just at present, the state government has jurisdiction over the clubs but we will have federal control after Friday."

The "sleuth" school being conducted here by Major Dalrymple for prohibition agents of Illinois, Iowa, Wisconsin, Minnesota and Indiana, will close today.

Recluse Found in Chicago's Loop By Census Enumerator

By Associated Press Leased Wire
Chicago, Jan. 14.—William Arthur R. Mitchell, one time newspaper man, today "came up for air" from his hermitage in the Loop—the center of Chicago's downtown business district—where for thirty years he lived a recluse on one of the most populous streets of any city in the world. A census taker found him, an aged man, but keen and active, in a little room on the third floor of an old building.

Mitchell said he had read every newspaper published in Chicago every day for thirty years; that he had not missed a single show in the Loop for thirty years.

"And that," he added, "includes the movies. With all the movies springing up now it keeps a body right busy." "Every time I read of a census I wondered why they didn't get me," Mitchell told the census taker. "Chicago thinks the Loop is just its workshop. Nobody thinks anybody might live down here—except in the hotels." "Downtown is chock full of old folks like me. We love Chicago. We want to stay right in its heart, all the time."

30-HOUR WEEK IS MINIMUM DESIRE; IS NOT MAXIMUM

Miners Say Their Position is Misunderstood By Public.

By Associated Press Leased Wire
Washington, D. C., Jan. 14.—Miners continued today their arguments for wage advance and shorter hours before the president's coal commission adjusting the causes of the recent strike.

"It is the inability of the miners to get regular work that makes them require sixty per cent increase in wages," John Moore, president of the Ohio district said. "No coal miner can tell whether the mine is going to work the next day or not."

John L. Lewis, acting president of the United Mine Workers, gave out a statement reiterating that the miners' demand for a thirty hour week only asked "assurance that they will have not less than thirty hours of steady work each week in the year."

In Minimum Demand.
"The public has the wrong impression about this subject," Lewis said, "because they were led to believe that the miners were opposed to working more than 30 hours a week. The fact is the coal miners cannot earn a living for the whole year by working a part of the time, no matter how many hours a day he may work. But if he can be assured of not less than 30 hours a week throughout the year at a reasonable and fair wage he can make a living for himself and his family."

Lewis said the miners could produce all the coal the country needed on a 30-hour week basis.

Ed Stewart, president of the Indiana district, asked the commission to adjust wage differences in that territory.

FINE ENTERTAINMENT AT ELKS' TOMORROW

Dixon Elks, their ladies and members of their families over the age of sixteen will be given an unusual entertainment at the club tomorrow evening which should attract a very large audience. The entertainment committee has arranged a program to commence at 8:15 o'clock in the lodge room, for which no charge will be made. The entertainers are reported to be of exceptional merit: Miss Jane Ward, the soloist being the possessor of a most remarkable contralto voice, and Wharton & Wharton being a vaudeville team of wide experience and renown. The program for tomorrow evening's entertainment will be:

MISS JANE WARD
In favorite songs: (a) Genevieve; (b) Oh, You Don't Know What You're Missing.

WHARTON & WHARTON
In eccentric and old time clogs and jig.

MISS WARD
Will sing: (a) When the Robins Nest Again; (b) Believe Me If All Those Endearing Young Charms.

WHARTON & WHARTON
Will present a novelty musical act. Miss Myrtle E. Rice will be the accompanist for Miss Ward.

GOVERNMENT ACTS TO PREVENT REPETITION OF TUESDAY'S RIOTS

Noske Placed in Charge of Government Military Throughout Land.

BULLETIN.

By Associated Press Leased Wire
Berlin, Tuesday, Jan. 13.—The government tonight proclaimed martial law in all sections of Germany following the mob demonstration this afternoon in which at least ten persons were killed and many others were wounded by machine gun fire from guards in front of the Reichstag building.

SOME PROVINCES EXCEPTED
By Associated Press Leased Wire
Paris, Jan. 14.—(Havas)—Martial law has been declared throughout Germany with the exception of Bavaria, Saxony, Wurttemberg and Baden, according to Berlin dispatches.

Berne dispatches say that during the demonstration before the Reichstag building in Berlin yesterday two policemen were killed and two are missing. Ten others were wounded. Twenty members of the crowd which attempted to rush into the building were killed and forty wounded.

MANY KILLED AND WOUNDED.

By Associated Press Leased Wire
Berlin, Tuesday, Jan. 13.—(Delayed.)—Many persons were killed and wounded in a melee between members of a mob and police guards in front of the Reichstag building here this afternoon.

The mob, organized by extremists as a protest against the industrial council's bill now before the Reichstag, began to gather this morning. By noon every street leading to the Tier Garten was crowded with masses of people carrying red flags and placards. Anticipating a demonstration before the Reichstag building the authorities had surrounded the building with public security guards and machine gunners who barred approach to the edifice. As time passed the crowd was joined by striking tram employees and soon inflammatory speeches were begun by agitators.

When the Reichstag convened at 5 o'clock the crowd surrounding the building was estimated at 40,000 and new delegations of working people carrying red flags and banners inscribed with the words "All Power to the Soviets" continued to arrive. Troop reinforcements in huge motor trucks were added to the guards on duty but only one arrest had been made since noon. The man taken into custody is said to have shouted: "Down with Noske."

Mob Rushed Police Lines.
Guards attempted to quietly disperse the mob but failed. At last the mob, made a rush against the police lines, trying to disarm the guards and disable the machine guns. All other efforts failing, fire was opened on the mob. The shooting was at close range and the front of the building was littered with dead and wounded. The most severe casualties were inflicted on the crowd which approached from the Simonsstrasse side of the structure. Order was soon restored.

The Reichstag continued its sitting until 5 o'clock, at which time it was announced ten bodies of persons killed in the fight had been brought into the court of the building.

Noske Takes Command
Gustav Noske, the minister of defense, has been appointed commander in chief for the Greater Berlin district and Brandenburg province. Street parades, meetings and demonstrations of all kinds have been prohibited.

Provocation for firing upon the crowd was furnished by its attempt to storm the west entrance of the building. A score of men attacked several guards and wrenched their rifles away from them just as soldiers rushed up and then general firing began. Six slightly wounded civilians were carried into the Reichstag building, a dozen others were transferred to the guard house near the Brandenburg Gate and a number of others were carried off by members of the sanitary corps.

Reichstag Adjourned
The Reichstag temporarily adjourned amid great confusion. President Fehrenbach was obliged to leave the chair but was unable to control the situation. Members of various parties engaged in violent recriminations and members of the cabinet left the chamber.

When the troops dispersed the crowd outside the building they extended their cordon in the direction of Unter den Linden, where throngs filled the street. An officer who chanced along was severely beaten by the crowd.

Socialists Plan Continuation.
Independent socialist leaders plan to continue demonstrations whenever the individual councils bill is up for debate and it is expected the climax will be reached on Thursday, which is the anniversary of the deaths of Dr. Karl Liebknecht and Rosa Luxemburg, radical leaders, who were slain while being taken to Moabit Prison.

While the number of dead was announced as ten early this morning, it seems probable that the fatalities will exceed this total. Some of the wounded lay in the Tier Garten for a considerable time after the shooting, although many were carried off quickly by the

DEMPSEY'S MANAGER DENIES FIGHTER WAS DRAFT DODGER IN WAR

Kearns Issued Statement in Which He Shows Champion's Activity.

By Associated Press Leased Wire
Los Angeles, Calif., Jan. 14.—Denial of charges that Jack Dempsey was a "draft dodger" and "slacker" and defense of his conduct during the war was made by Jack Kearns, Dempsey's manager today.

The statement follows:

"Jack Dempsey was not a 'draft dodger' during the war. Any one who makes such a charge can not support it with facts.

"When the draft came Dempsey was placed in Class 4-A because he was a married man, and in addition was supporting a mother, an invalid brother and a sister. Dempsey made no claims for exemption.

"Some time later the draft board, re-adjusting classifications placed Dempsey in Class A-1, but almost immediately afterwards put him in Class 2-B. He remained there during the rest of the war. If the conflict had lasted a few weeks longer, it seems a certainty he would have been in the uniformed service.

Appeared in Benefits.

"During the war Dempsey was employed as a riveter in the Sun Ship Building Plant of Philadelphia and also in a shipyard in Seattle. He also was appearing in fistic contests at benefits for the different war charities. By this means approximately \$100,000 was raised for the various war funds.

"Dempsey not merely fought without a cent remuneration but paid his traveling expenses to and from each battle ground and each cantonment. He was frequently 'broke' as a consequence.

"Dempsey chased Jess Willard all over the continent to get him in a fight and agreed at all times to donate his services. He was matched with Willard in Chicago under the auspices of the Salvation Army. Both Willard and Dempsey appeared, ready to go on, but Mayor Thompson stopped the exhibition, although \$70,000 worth of tickets had been sold.

Helped Raise \$100,000.

"Those who are charging Dempsey with being a 'slacker' because he worked in the shipyard and helped to raise nearly \$100,000 for the various war charities apparently have overreached themselves in their charges, for by that contention they are smudging the reputation of every other exempted man who served the nation in the army at home—and served it so nobly—by working night and day in the essential

industries, so that the war could be brought to a speedy and successful conclusion."

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of red hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have a furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

VAST GOLD DEPOSITS LOST TO UNCLE SAM

Had Early Engineers Followed Original Lines They'd Be in U. S.

By Associated Press Leased Wire
Ketchikan, Alaska, Jan. 14.—Valuable gold deposits near Hyder, south of Ketchikan, which are reported to be miles in extent, have been lost to the United States by the decision of American surveyors defining the boundary line between Alaska and Canada. It was decided to follow the lines of Canadian surveys rather than the monuments of early Russian lines.

Recent development of the properties near Hyder reports of which spread to the outside world, have elicited hundreds of inquiries from the United States and even Great Britain, which, it is believed, may press a "rush" to Hyder next spring rivaling the famous Klondike stampede.

The American engineers on the official boundary survey agreed with the Canadian party to leave the lines of the Russian survey and instead of following a natural ridge up to the head waters of Salmon River, turned west at an angle of 45 degrees, throwing into Canada the upper Salmon river district and the hills where are located the majority of the Hyder deposits. Hyder is on the American line, and because of the topography of the country the Canadian claims must be approached from the territory of Alaska.

According to reports received here, the mines, while said to be remarkably rich in ore, are difficult of access and considerable development work is necessary before they can be put on a paying basis. At the Premier mine, now said to be controlled by New York interests, thousands of dollars have been spent in building roads, and thousands more in development of the mine itself. For miles on both the American and Canadian sides, every claim has been

staked and there is little ground left open in the district, it is reported.

Experienced miners here say that a "rush" to the district would result poorly for prospectors without capital, who would be unable to get at the ore.

First Ship Leaves to Get Yanks in Siberia

By Associated Press Leased Wire
New York, Jan. 14.—The army transport, Edellyn, the first of a fleet of vessels that will take from Siberia the troops of Czechoslovakia and the United States regulars commanded by Major General William S. Graves, left here today with her announced destination Vladivostok.

The other ships of the fleet for Russia, it is understood, will be the President Grant and the America.

The American soldiers in Russia number approximately 10,000 men. The troop carrying capacity of the three transports considerably exceeds that number.

Red Cross Will Keep Up Hospital Program with Peace Time Army

Relations between the United States standing peace time army and the American Red Cross were definitely established at a conference of army officials of the Red Cross held recently at Louisville, Ky.

As a result of the conference the American Red Cross requested to continue its hospital program under which it will have charge of recreation and entertainments for disabled soldiers in military general hospitals and to continue its system of home service in all hospitals, camps, posts, and other army stations.

The conference was called by Maj. Gen. William G. Haan, director of the war plans division and was attended by a score of high army officers.

"It was a tremendous relief to know that we are to have an experienced body such as the Red Cross to continue these camp activities," said Col. Robert L. Rees, one of the army officers who attended.

"We can take good care of the soldiers who are well, but the peculiar ability to encourage and raise the despondent spirits of convalescents so that their recovery is certain is a matter which the Red Cross is expert in, and we would find it difficult to accomplish without your aid."

Specific tasks which were assigned to the Red Cross include: Assisting in locating soldiers' families and arranging visits; furnishing relief for families in distress; reporting soldiers' illness to families; protecting families from bad housing conditions, caring for wayward children of soldiers, employment for soldiers' families, finding men in service, making loans to soldiers for worthy purposes, handling business affairs, etc.

CHALLENGES GEN. WOOD

Pierre, S. D., Jan. 12.—A formal challenge issued by United States Senator Miles Poindexter, of Washington, to Major General Leonard Wood to debate national issues in South Dakota was received here today by the secretary of state.

General Wood received the majority endorsement for presiding by the republican state convention and accepted. Senator Poindexter filed as an independent candidate for republican endorsement at the March primary.

Under the Richards Primary Law of South Dakota a candidate receiving the majority endorsement must accept a challenge to debate.

Government Flour Is Pure Flour; No Substitutes

Unscrupulous flour salesmen are warning retailers against buying United States Grain Corporation Standard Pure Wheat Flour. They have represented to these retailers that government flour is war flour, victory flour, that it contains substitutes, that it is "doped."

These are malicious falsehoods.

Government flour is a pure white flour without substitute of any sort. It makes the finest bread and pastries. It is just like the flour you have eaten all your life; the flour the best bakers have been using for years.

This high quality, pure wheat flour will be sold to the public through regular trade channels at not above 80 cents for 12-pound packages and \$1.60 for 24½-pound packages in paper.

Effective January 12th prices to retailer were established as follows:

Carlots in paper sacks, \$10.80 per barrel.

Carlots in cotton sacks, \$11.20 per barrel.

Less than carlots, 75 cents per barrel higher.

This flour is 20 to 40 per cent cheaper than "patent" flour which makes no better bread or pastry.

If your dealer does not have this flour, he can obtain it from the United States Grain Corporation.

addresses completed the evening's pleasures.

The program was opened by a quartette number given by the DeHaven children, followed by one of the number, Doster DeHaven, singing a solo and Margaret and Geraldine DeHaven giving a duet number. Their numbers were all delightful. Elmer Rice gave a vocal selection in his usual pleasing way. Rev. Jesse M. Tidball gave the address of welcome from the ministers of the city and, following a pleasing voice selection by Miss Albright, Rev. Mr. Walter responded to the welcome given. Mr. Stearns, an instructor in the Dixon schools favored with a delightful cornet solo. The various ministers of the city present gave a number of short talks, and Rev. E. C. Harris of Sterling also spoke a few words.

DASHING NEW FROCK HAS YOUTHFUL LINES

BY BETTY BROWN.

New York, Jan. 12.—An afternoon frock is always a welcome addition to the wardrobe of young girl or matron. The sketch today shows a youthful style for afternoon wear developed in brown chiffon voile and taffeta. The skirt has a foundation of brown taffeta, over which falls a double tunic of brown chiffon voile with each edge a Pierrot-like ruff of taffeta. The girde is of taupe moire ribbon with an edge of French blue, and taupe and blue streamers hang beneath the chiffon voile the length of the skirt in front.

GRACE MISSIONARY—

The home of Mrs. Homer E. Sennoff was opened Tuesday afternoon for the regular meeting of the Grace Missionary society. Mrs. Jesse U. Weyant assisted in the duties of hostess. The attendance was large, thirty-three members and four guests enjoying the program and social aspects of the affair. Mrs. Philip Miller, the president, presided and had charge of the devotional service. Mrs. C. G. Unangst led in prayer. The lesson of the afternoon, on "The Battalion of Life," the term applied to the medical missionaries, was ably developed by Mrs. C. E. Hill, with an open discussion following. The need for the personnel and the ideals of this "battalion" were discussed. An interesting leaflet on "Missionary Methods" was read by Mrs. S. J. Mall. "Young American on a Dry Nation," was the subject of an interesting reading given by Dale Sennoff. Delightful musical number closed the program. These were a piano number by Miss Mildred Schrock and a vocal duet by the Misses Marguerite Watts and Irene Miller, with Mrs. O. E. Strook as accompanist. The partaking of delicious refreshments closed the afternoon. The next meeting will be held at the church and will include in its business the election of officers.

W. C. T. U. MEETING—

The local Woman's Christian Temperance Union will hold its monthly meeting at the home of Mrs. Herbert Scott, 118 East Boyd street, on Friday afternoon at 2:30 o'clock. All members are urged to be present especially because of important business to be presented. All ladies are cordially invited to attend these meetings.

PRACTICAL CLUB MET—

The members of the Practical club enjoyed a delightful meeting on Tuesday evening at the home of Mrs. G. P. Powell. Present day poets were the subject of the afternoon papers and Mrs. Caughey read a very interesting sketch of Robert Service, with a number of his poems. A poem of Edgar Guest was read by Mrs. Charles Keyes, who also gave a discussion of present day topics. Miss Alice Powell, the young daughter of the hostess, gave a delightful piano number and Victrola numbers were also enjoyed. Community club work was assigned to the members. A photograph of the French orphan boy, Albert DuBois, whom the club is supporting, had been received and was passed around for the inspection of the members. Refreshments of a tempting nature were served after the program.

FOR MRS. HUGUET—

A company of ladies, seventeen in number, celebrated on Tuesday at the home of Mrs. John Kennedy, 414 Madison avenue, the birthday of Mrs. Charles Huguet, which fell the day previous. This was the eighty-second birthday of Mrs. Huguet and it would be hard to find another lady bearing that number of years with the grace and sprightliness that Mrs. Huguet does. Mrs. Joynt, who boasts eighty-seven summers and winters, added to the pleasure of the other guests by being present. At noon a meal that would tempt the appetite of the most epicurean, a scramble affair, was served. Carnations were the dinner flowers. Music, furnished by the guest of honor, Mrs. Huguet, and by Mrs. W. G. Kent, added to the pleasure of the after-dinner hours. Mrs. Huguet was presented with a flag by the company as a memento and as an appreciation of her unswerving loyalty to country and friends.

ST. AGNES' GUILD—

St. Agnes' Guild will be entertained at the home of Mrs. M. L. Dysart, 695 East Second street, on Friday at 2:30 p. m. Miss Nina DePuy will assist Mrs. Dysart in entertaining. Officers will be elected at this meeting.

Volley Ball Last Eve.

Sutterlin still holds the leadership in the volley ball tournament at the "Y". It was the hope of many that Wilson would defeat him last evening but Sutterlin won two out of three matches. The first two games went to Sutterlin and in places these games were interesting but with Tidball out and the match already hung up Sutterlin's team did not exert themselves and lost 15-8. The other games were 15-10 and 15-10.

Sutterlin..... Leland, Rogers, Schildberg, Smith, Tidball, Kennedy.

Wilson..... Wilson, Captain; Raymond, Rawls, Lennon, Saxman.

The next tournament games will be played Thursday when Potter and Wheeler clash.

The Business Men's gym class will meet Monday and Wednesday. Saturday there will be no class work but the whole hour will be devoted to volley ball. This cuts out Friday which is ladies' day.

Interest in the Junior "B" Gym Class Athletic League is growing and most of the boys are working hard for their teams. The standing of the teams to date is as follows:

Teams..... Points

A FUTURE CANDIDATE.

Some day politics will produce a can-
didate for public office who will not get
into the race with the announcement
that he has been urged to take the step
by his friends.

He will not declare that what he be-
lieves this country needs is a more rep-
resentative form of government and he
will not do any pointing with pride and
viewing with alarm.

He will not refer to Lincoln, Wash-
ington, McKinley or Roosevelt during
the entire campaign, neither will he
try to prove that he is a pioneer in
the battle for prohibition and woman's
suffrage.

In all his public utterances this can-
didate never once will declare that the
country faces a crisis or that this gov-
ernment of the people, by the people
and for the people shall not perish from
the earth.

Some day there will be a candidate
like this and his campaign will be re-
freshingly different. It must be ad-
mitted, though, that he probably won't
be elected.

SILK HAT HEINIE.

Reports from London say that the
silk hat industry has been revived and
that Sweden and Holland have placed
large orders for German dealers. A
student of national psychology might
make shrewd deductions from this cir-
cumstance. Some foolish things no
doubt have been done by men wearing
high hats and there is a suggestion of
stage doors and midnight parties in the
very sight of one. The wearers of plug
hats, however, invariably try to act like
gentlemen even in their dissipation and
there is no record of a man so ac-
counted hoisting a pail on the point
of a bayonet or doing anything more
cruel than whipping a bartender. The
world has cause to congratulate itself
if Germany really is forsaking the
spiked helmet for the shining headpiece
of gentility.

"PUSSYFOOT" AND THE BREWERS.

"Pussyfoot" Johnson, the American
prohibition campaigner, is no longer a
joke in England. The president of a
large London brewery the other day de-
clared that Johnson is a real menace to
the liquor interests. British brewers,
while alive at last to the danger em-
bodiment in the person of Mr. Johnson,
give no indication of having profited by
the lessons learned too late by American
liquor interests. This brewer declared
that the breweries should educate the
people, should advertise the fact that
beer is a food and should fight prohibi-
tion to a finish. American beer manu-
facturers, who tried to make the people
believe that drinking a scuttles of suds
was just as good as eating a juicy beef-
steak, probably could tell these British
brewers something to advantage. They
also might be able to tell their British
fellow brewers just who will be pulver-
ized if the fight-to-the-finish idea is
adopted.

Young Thugs Failed
to Find Refuge in
Chicago's Y Hotel

By Associated Press Leased Wire

Chicago, Jan. 14.—Sixty men taken
in a raid on the Y. M. C. A. hotel were
up for investigation today in connection
with the police department's roundup
of alleged criminals and vagabonds.

Three hundred men and boys were in
the lobby of the hotel when police sur-
rounded it. A few attempted to escape.
Detectives questioned the men and no
effort was made to detain those who
offered evidence that they were employ-
ed.

The raid was made under instructions
from the chief of detectives who said it
was with "the hope of capturing crim-
inals who might have sought shelter
there as a place immune."

Approximately one thousand men
have been detained by the police as sus-
picious characters in raids during the
last four days. Three hundred were ar-
rested last night.

Chief of Police J. J. Garrity said the
raids were intended "to put an end to
the crime wave," which recently has
resulted in numerous holdups and rob-
beries.

DISTRIBUTOR OF

Wallis Tractors and J. I. Case Plow Works Co.'s
Power Farming Implements

Why the Wallis Endures

The most important thing you can
buy in a tractor is long life. A tractor
must stand up to be a profitable invest-
ment. Only by serving faithfully year
after year can it prove a definite econ-
omy.

In the Wallis—America's Foremost
Tractor—durability is an established
fact. Over 12 years of experience has
proved that the Wallis principle of
combining power, light weight, simpli-
city and durability is the one outstand-
ing tractor achievement of the day.

In the Wallis the finest materials
only are used. The most expert work-
manship is employed. Machining is car-
ried to the thousandth part of an inch.
Innumerable inspections eliminate in-
accuracy.

In the Wallis Valve-In-Head Motor
the combustion chambers are com-
pletely machined. Wallis gears are cut
and hardened steel. All gears and
working parts are enclosed in a dust-
proof housing and run in a constant
bath of clean oil. Bearings are all over-
size.

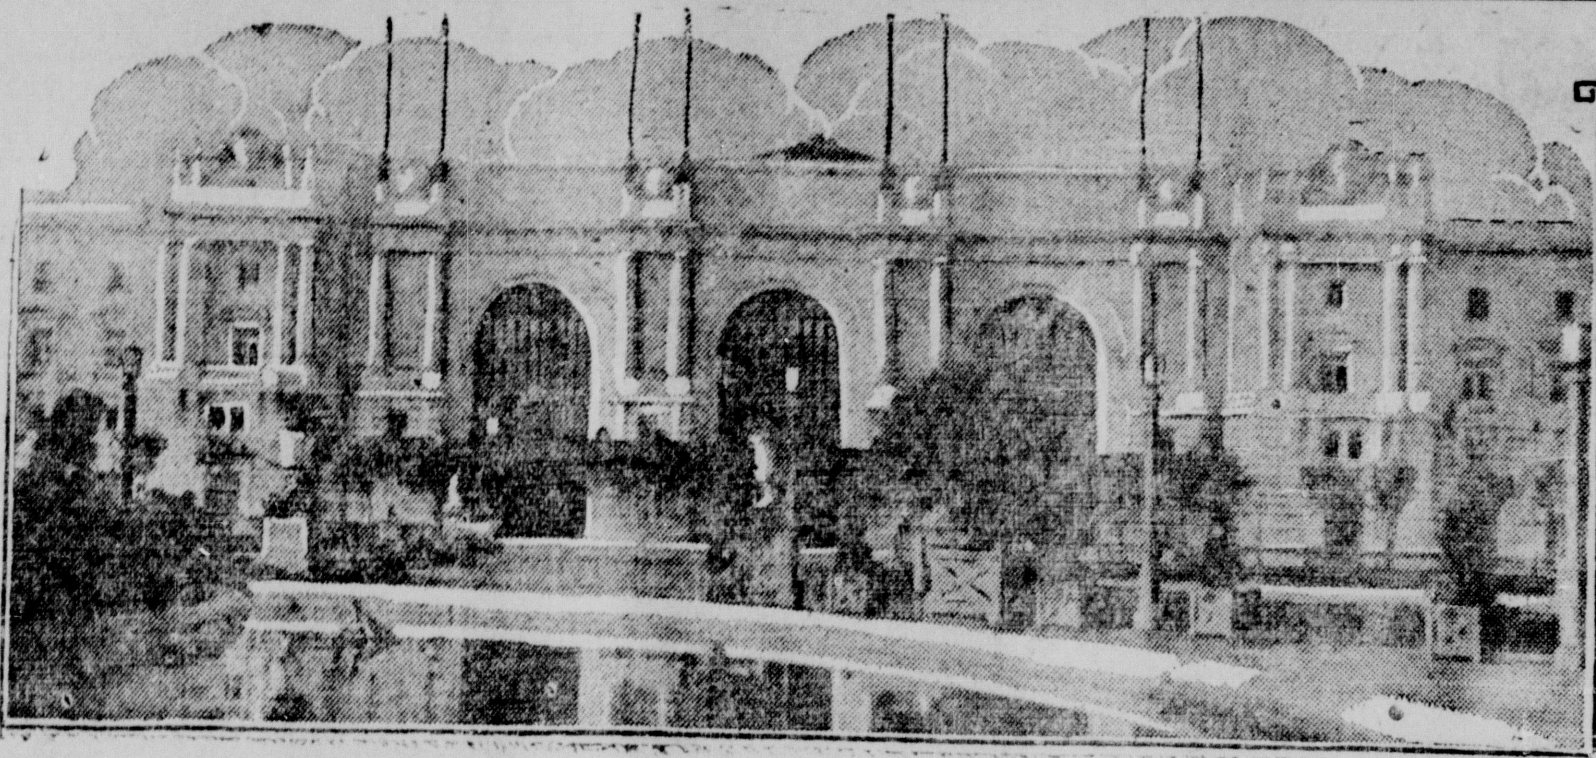

Naturally Wallis durability, com-
bine with its tremendous power, light
weight and simplified construction, re-
sults in a new standard of economy.
Everywhere the Wallis has established
remarkable records in "low-cost-per-
acre" and in "low-cost-per-year-of-
service." These are the true tests of
tractor economy.

The demand for Wallis Tractors is
naturally great. The capacity of the
factory is taxed. It is not too early
now to order for Spring delivery. See
us or write for fully descriptive cata-
logue without delay.

Old Council Aion

By Associated Press and Wire

Chicago, Jan. 14.—Sixty veterans of
Chicago's police department were on
trial today, charged with "aged
and incapacitated." The city offi-
cials acted as a trial board the patrol-
men, a number of whom 65 to 70
years old, denied they were "incapac-
itated," or that they were dy to quit.
Some of them testified they twenty-
five to thirty years they had been
walking the same beat. Patrolmen
Patrick H. Keefe, 68, Majw Black-
burn, 63, and Thomas J. An, 70, re-
vived police department hry of the
Haymarket riots, of gun sts, mur-
ders, accidents and calam of long
ago. Keefe produced a red docu-
ment, a copy of a resolution passed by
the city council May 10, 6, which
pledged the council, "and future
councils so far as we are able to pro-
vide employment for mems of the
police force injured in the ymarket
riots."

"I have always made it practice
when called on the carpet for anything
to have this little slip of paper with
me," said Keefe.

FARMERS HOLDING ON

RESERVATIONS IN RATIFICATION OF TREATY, COLLEGES

**Vote Taken Yesterday
is in Favor of Senate
Compromise.**

By Associated Press Leased Wire
New York, Jan. 14.—Incomplete returns early today from 53 of nearly 400 colleges and universities whose students and faculty members voted yesterday on four questions concerning the peace treaty and league of nations, showed that out of a total of 41,889 votes cast, 22,643 favored any compromise which would make possible immediate ratification. The wording of the proposition which was generally favored follows:

"I favor a compromise between the Lodge and the democratic reservations in order to facilitate ratification of treaty."

The proposition favoring ratification of the league and treaty without reservations got 8739 votes; that opposing ratification in any form 2923 and that favoring ratification, but only with the Lodge reservations, 7344.

New England favored the compromise proposition which preference was shared generally by eastern colleges. In the middle west the early returns showed the same preference, while the votes were quite evenly distributed between ratifications without reservations and ratification with the Lodge reservations for second place.

In the South 12 universities and colleges showed a large plurality for ratification without amendments. Those favoring the compromise plan came next.

VOTE IN MIDDLE WEST

By Associated Press Leased Wire
Chicago, Jan. 14.—Eight of twenty middle western colleges in the intercollegiate referendum yesterday voted in favor of any compromise which would make possible immediate ratification of the peace treaty, and eight were in favor of ratification without reservations or amendments, according to incomplete returns today. Three favored ratification with the reservations proposed by Senator Lodge and one voted in favor of a separate peace.

Votes taken at nine colleges and universities on the Pacific Coast showed a plurality in favor of ratification with reservations.

Miss Manson is a Russian and has declared in favor of free speech, free love and free thought.

Those in favor of ratification without reservations or amendments were University of Colorado, University of Kentucky, Transylvania, Georgetown College, Center College, Drury College, Denison University and Northwestern University.

These voted for the treaty with the Lodge reservations: Ohio State University, Detroit University, Michigan College of Mines. Western Reserve was for a separate peace.

ILLINOIS DID NOT VOTE.

By Associated Press Leased Wire
Urbana, Ill., Jan. 14.—Question contained in the referendum on the treaty of peace and league of nations were not placed before faculty and students of the University of Illinois yesterday. At the president's office, it was stated, no arrangements had been made to vote on the questions.

Japs May Pass Law Allowing Foreigners to Acquire Property

By Associated Press Leased Wire
Tokio, Dec. 10.—(By Mail)—An effort will be made in the forthcoming session of the Japanese Diet to enact a law permitting foreigners to own land in Japan. The failure heretofore to grant this right has been cited many times abroad as evidence that Japan withholds from others what she asks for her own subjects in the United States and other countries.

AMUSEMENTS

TILLIE WAS GREAT SHOW.

Last night's capacity crowd at the Dixon opera house was proof positive that Dixon and surrounding towns are ready to spend their money when a real high-class attraction is given them. Miss Patricia Collinge in "Tillie," was greeted by one of the largest houses in years and the universal opinion of everyone present was the company deserved it in every sense of the word.

Miss Collinge, with her winsome personality and her youth and beauty, firmly established herself with her audience last evening. "Tillie" is a clean and wholesome comedy in four acts and is based upon Helen R. Martin's popular novel, "Tillie, a Mennonite Maid," the adaptation having been made by Mrs. Martin herself in collaboration with Frank Howe, Jr. All the scenes of the comedy are placed in one of the tiny villages of the state where the Mennonites hold sway, and with a single exception all of its characters are those quaint Dutch personages, the outlander being the young Harvard student who finally rounds out Tillie's romance.

John W. Parsome gave Miss Collinge good support in his role of the village doctor. His comedy was of a different type that kept the audience in an uproar when not sympathizing with Tillie during the pathetic moments of her "set back."

WILLIAM WEBSTER AGAIN IN TROUBLE

Wilbur Webster, of Rock Falls, formerly of this city, who was arrested a few weeks ago for the theft of valuable telephone cable, was arrested at 12:30 last night by Chief Van Bibber and Officer Whetstein at 518 Peoria avenue where he was creating a disturbance. Neighbors in the vicinity telephoned to the police urging them to come at once and when they arrived they found Webster trying to get into the house where his wife was staying with her mother. He was taken to the police station and locked up pending action of County Parole Officer W. H. Winn.

NO ONE TO TAKE PLACE OF LLOYD GEORGE'S GOVT.

**Speaker for Opposition
Admits as Much in
Public Address.**

By Associated Press Leased Wire

London, Eng., Jan. 14.—Although the coalition government is losing seats in parliament and the "handwriting on the wall is against it," nevertheless it cannot be turned out because "there is nobody to take its place," declared Viscount Haldane, former lord high chancellor, at Edinburgh Tuesday. Viscount Haldane, who is an acute Liberal, asserted he did not believe either the Laborites, Liberals or other party was likely to come into power in the near future and that a change in the government could not be brought about until a strong opposition to the coalition regime could be formed.

Such an opposition, he argued, could be established only by the formation of a great progressive party composed of Laborites and Liberals.

The former lord high chancellor appealed to the Liberals, to "recapture the heights from labor and show the country they had something to preach even wider than labor." He said groups of the best thinkers in the United States had conferred on the same problem and had put into operations a program of building a series of bridges between the individual and state so that the state should not be something apart but be an intelligent individual expression of the collective will. He asserted that it was perhaps on such lines that Liberals and Laborites might cooperate.

The Daily Mail says today it is believed that if Col. Winston Spencer Churchill, secretary of state for war, thinks Mr. Lloyd George's attempt is not likely to succeed, Mr. Churchill suffering a severe attack of quinsy the himself may seek the leadership.

Mrs. Clarence Shaver, who has been past week, is reported to be slightly improved.

Prussian Parents to Go to Schools Soon

By Associated Press Leased Wire

Berlin, Dec. 25.—(By Mail)—Councils composed of parents of pupils will be established in all schools of Prussia by order of the Prussian Minister of Education, Herr Haensisch. The experiment will be watched with great interest.

These "parent councils" will act only in an advisory capacity making suggestions concerning the management and discipline in the schools and the spiritual and physical development of the children. Each parent will represent 50 children. It is hoped by this method to establish friendly relations between the parents and teachers.

FREEPORT CONSISTORY WILL BUILD A TEMPLE

Land was Purchased for New Structure Yesterday Afternoon.

Freeport, Jan. 13.—Some ten or twelve years ago when the Masonic bodies erected the Freeport temple, it was thought that they had commodious quarters which would be large enough for the next half century, but the growth of the Masonic bodies, especially the Consistory, has been marvelous in the intervening years, and it is now the second largest Consistory in the state of Illinois, and the entire west, for that matter. The Consistory has been cramped for room for some time, and the advisability of erecting a purely Scottish Rite cathedral or temple, has been under consideration for some time. The plan of making an addition to the present temple was considered, but to make an addition would spoil the appearance of the present temple and the result would even then be unsatisfactory. It seems the most feasible proposition would be to erect a separate building for the work of the Consistory, and that plan will be eventually carried out. With this idea in view, Dr. Chas. L. Snyder, Eminent Commander-in-Chief of Freeport Consistory, yesterday afternoon closed a deal for the purchase of the sixty feet adjoining the Masonic temple on the east, which was owned by W. B. Huenekemeier and the Union Building & Loan association, the consideration being \$10,700. This will give the Masons a frontage of 82 feet on Stephenson street, to the east of the temple, as the Masonic bodies owned the adjoining forty feet on the east and the property runs through to the alley between Stephenson and Galena streets, a distance of 120 feet, thus giving the Masons all the land east of the temple to Walnut street, excepting the corner lot, which is owned by the Gas company which expects some day to erect thereon headquarters for the company's Freeport interests.

Building of Temple Planned
Just how soon the Consistory will erect a temple on the newly acquired property is not known, but a meeting of that body will be held in the near future to take some decided action. The tentative plan is to erect a temple, to

HAVE COLOR IN CHEEKS

Be Better Looking—Take
Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.
Dr. Edwards' Olive Tablets—a substitute for cod liver—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no wrinkles, a feeling of buoyancy like childhood days you must get at the cause.
Dr. Edwards' Olive Tablets act on the liver and bowels like cod liver—yet have no dangerous after effects. They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

be connected to it by an archway so that both buildings can be utilized at the same time.

Many Dixon Masons are members of the Freeport Consistory and the above notice will be of especial interest to them.

114 EGGS A DAY NOW INSTEAD OF 25 A DAY

That Means About \$105 Extra Income Per Month for Mrs. Ropp.

"I have 200 hens, including late pullets not old enough to lay, and had been getting 25 to 30 eggs a day. Then I tried Don Sung in the feed, and am now getting 107 to 114 eggs a day."—Mrs. Essie B. Ropp, R. R. 2, Littleton, Ind.

Mrs. Ropp got this increase of 7 dozen eggs a day in the middle of winter. At 50 cents a dozen, 30 days a month, this makes \$105 extra income a month. The Don Sung for her 200 hens cost her about \$2.50 per month. You can see how well it paid her, and we'll guarantee it will pay you. Here's our offer: Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, tell us your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her more active in any weather, and starts her laying. Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrell, Duizer Co., 284 Columbia Bldg., Indianapolis, Ind.

Acid-Stomach

Makes 9 Out of 10 People Suffer

Doctors declare that more than 70 non-organic diseases can be traced to Acid Stomach. Starting with indigestion, heart burn, belching, food-repelling, flatulency, gas, constipation, the entire system eventually becomes affected, every vital organ suffering in some degree or other. You see these victims of Acid Stomach or dyspepsia—people who are subject to nervousness, headache, insomnia, thinness—people who suffer from rheumatism, numbness, sciatica and aches and pains all over the body. It is safe to say that about 9 people out of 10 suffer to some extent from Acid-Stomach.

If you suffer from stomach trouble or, even if you don't feel any stomach distress, yet are weak andailing, feel tired and dragged out, "back-pain" and "enervated" and know that something is wrong although you cannot locate the exact cause of your trouble—you naturally want to get back your strength and health as quickly as possible. Then take your stomach-acting, clean and sweet. See how your general health improves—how quickly the old-time vigor and vitality come back! Get a big 50c box of EATONIC from your druggist today. It is guaranteed to give you what you need. If you are not satisfied your druggist will refund your money.

WANT TRYOUTS IN EAST.

By Associated Press Leased Wire
Boston, Jan. 13.—The Boston Athletic Association has made a formal request to have the eastern tryouts for the Olympic Track and Field Games held at the Harvard Stadium next summer. It was announced today. Harvard university has tendered the association the use of the stadium where they tryouts of 1912 were held. Philadelphia also is understood to be bidding for the big event.

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-time Sage Tea and Sulphur and Nobody Will know.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, it just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Ead's Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Corn on Upgrade Had Nervous Close

By Associated Press Leased Wire

Chicago, Jan. 14.—Rallies took place in the corn market today from depression which showed itself at the outset. Initial weakness was ascribed to selling based on opinions that a general downward readjustment of values was impending. Declines, however, led to extensive profit taking by shorts, and brought about upturns. Opening prices which ranged from 1/4 of 1c lower, with May 1.31 1/4 to 1.32 1/4 and July 1.30 to 1.30 1/4, were followed by jumps back to yesterday's finish or above.

Oats were ruled by the fluctuations in corn. After opening unchanged to 1/2c lower, including May at 80 1/2 to 80 1/2c, the market scored a slight advance. Higher quotations on hogs tended to steady the provision list. Estimates were current that the forthcoming report of the number of hogs in the country would show a reduction of ten percent as compared with a year ago.

Prospects of a big export business in oats and rye were effective later in assisting the corn market up grade. Closing prices were nervous, 5/8 to 1 1/2c higher, with May 1.33 1/4 to 1.33 1/2 and July 1.31 1/2.

DINNER PAIL IS PASSING IN EAST

By Associated Press Leased Wire

Pittsburgh, Jan. 14.—The dinner pail is passing from the mills and factories of the Pittsburgh district. Restaurants and cafeterias are taking its place in the more important plants because executives are beginning to realize that a hot, palatable meal makes the workman more contented and more valuable than the cold, indigestible food packed away in a tin bucket. In the Homestead mills of the Carnegie Steel Co., in Munhall, a few miles from Pittsburgh, more than 41,000 men are fed in the cafeterias every day, and the number is constantly growing. At the plant of the Westinghouse Electric & Manufacturing company in East Pittsburgh, also a suburb, 1200 employees get their food in the company restaurant, and a new dining hall and modern kitchen is being erected. When it is completed, the company will be able to feed 3000 of its workers at one time.

The American Sheet and Tin Plate company has 22 cafeterias in daily operation in its different plants. It was one of the pioneers in the movement. In the Munhall works cooked meats and vegetables are kept hot in steam tables, and served as the men desire, or as the various shifts reach their lunch or dinner hours. Pies, cakes and coffee, in fact many desserts of which the workmen seem very fond are also available at all hours, as well as tea and milk. The men can thus buy a hot meal for 25 to 35 cents.

"Our employees are delighted with the meals served in the plant," said a woman representative of the Westinghouse company who is in close contact with the work. "They get better food for less money than they get at home, and they get it when they need it. We lose money by the arrangement, because we provide food at actual cost and give away the coffee, tea and milk. But it pays in the long run, for it satisfies everybody. These workers' dining rooms, it was explained by one company superintendent, must not be confused with the dining rooms which have long been in service for office forces and officials of manufacturing concerns.

"Providing warm food for the 'white collar' men was a luxury the shopmen never expected to attain," he said. "But now we are giving all our men who want warm meals, and we are glad to do it. This plant will never go back to the dinner bucket system."

Hindenburg May Get Rich from Writings

By Associated Press Leased Wire

Berlin, Dec. 28.—(By Mail)—Field Marshall von Hindenburg bids fair to become a millionaire from his writings, according to the new Berlin Gazette. It is reported that he has sold some of his works in America for 112,000 which, at present exchange, would amount to about 2,000,000 marks.

The newspaper adds this comment: "The German army leaders understand the pound and dollar reckoning better than they did the U' boat chances, the strength of the American army and the American tanks."

Presidency Chamber of Deputies is Unsettled

By Associated Press Leased Wire

Paris, Jan. 14.—Leon Bourgeois was elected president of the senate by that body on the third ballot taken today for the choice of a presiding officer. He received 147 votes as against 125 for Antonin Dubost, the retiring president of the senate. Justin De Selves, former foreign minister, withdrew from the race after the second ballot.

By Associated Press Leased Wire
Paris, Jan. 14.—Leon Bourgeois, former premier and leading representative of France in the creation of the League of Nations, led by a plurality today in two ballottings in the senate for the election of a president of that body, but further balloting will be necessary. The first ballot stood: Bourgeois 122; Antonin Dubost, former president of the senate, 103 and Justin De Selves, former foreign minister, 17.

Second ballot: Bourgeois 103; Dubost, 73, and De Selves 60.

The contest thus developed is considered a test of the strength of the parties at the approaching presidential election.

Berlin Fighting All Immoral Exhibitions

By Associated Press Leased Wire

Berlin, Dec. 28.—(By Mail)—The Berlin police are continuing their campaign against immoral or suggestive exhibitions. The latest raid was made upon a big bathing carnival. Motor trucks were required to carry to the police stations the dozen principals and 400 spectators all of whom were arrested.

The police also have discovered another undesirable exhibition in one of the cafes where the night life of Berlin has been brightest. Both these displays are characterized as worse than the "explanation" films which still prevail in Berlin. The evil will not down and the average resident of Berlin, when it is called to his attention shrugs his shoulders and remarks, "another fruit of the revolution."

A noted physician asserts that those taking part in these exhibition are not normal.

FORMER "PUG" IS DYING

By Associated Press Leased Wire

St. Paul, Minn., Jan. 14.—Jack Burke, former pugilist, is dying from a bullet wound in the head and two men, one said to be a prominent Winnipeg business man, are under arrest as the result of a police gun battle with alleged "whiskey thieves" early today.

GOVERNMENT ACTS TO PREVENT REPETITION OF TUESDAY'S RIOTS

(Continued from page one.)

sanitary corps and placed in nearby hospitals.

One Guard Killed

Members of the National assembly which was meeting in the chamber in the inner center of the building, heard only faint reports of the shots. Gradually news of the clash reached them and an exodus followed into the corridors, into which a score of men from the mob succeeded in penetrating and immediately started a general harangue.

The government admits the loss of one member of the troops of guards, killed in the fighting, while several are missing.

Tonight's Noske's troops placed riflemen with a barbed wire cordon throughout the downtown streets. The Reichstag Square was given a reinforced patrol. The Wilhelmstrasse was barred to all traffic and the government building was very inaccessible except to those employed there.

The Unter Den Linden entrance to the Hotel Adlon was closed and darkened.

Steamer, Tomb of 12, Was Washed Ashore

By Associated Press Leased Wire

Paris, Jan. 14.—It was announced at the offices of the company owning the steamer, Afrique, that the bodies of twelve persons from the foundered vessel had been washed ashore at Sables d'Olonne.

Dispatches received today say that the bodies of three victims of the Afrique disaster brought into Naples from the scene of the wreck by fishing boats were those of Senegalese and not of American soldiers, as previously reported.
